THE LIBRARY OF CONGRESS • WASHINGTON

For sale by the Superintendent of Documents, U. S. Government Printing Office,
Washington 25, D. C.—Price 30 cents, \$3.00 a year;
\$1.00 additional for foreign mailing.

The *East European Accessions List* is a record of Eastern European monographs and serial publications issued since January 1, 1939 and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the language of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Publications*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be treated as monographs. Both monographs and periodical entries are grouped under general subjects in the following order, based on the Library of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |
| 4. Geography and Anthropology | 13. Medicine |
| 5. Social Sciences | 14. Agriculture—Plant and Animal Industry |
| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is represented by a descriptive entry (including series note, if any) in the original language or in transliteration, followed by a translation of the title or an annotation in English, descriptive of the publication.

The entries for periodicals follow the rules for entry in the *Library of Congress Serial Record*† and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign

EAST EUROPEAN ACCESSIONS LIST

Vol. 1, No. 2

NOVEMBER-DECEMBER 1951

THE LIBRARY OF CONGRESS • WASHINGTON

The *East European Accessions List* is a record of Eastern European monographic and publications issued since January 1, 1939 and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the language of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Accessions*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be treated as monographs. Both monographic and periodical entries are grouped under general subjects in the following order, based on the List of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |
| 4. Geography and Anthropology | 13. Medicine |
| 5. Social Sciences | 14. Agriculture—Plant and Animal Industry |
| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is represented by a descriptive entry (including series note, if any) in the original language or in transliteration, followed by a translation of the title or an annotation in English, descriptive of the publication.

The entries for periodicals follow the rules for entry in the Library of Congress Serial Record† and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.

† A summary of the rules for entry in the Library of Congress Serial Record can be found in the Introduction to *Titles Newly Received*.

EAST EUROPEAN ACCESSIONS LIST

Vol. 1, No. 3

JANUARY 1952

THE LIBRARY OF CONGRESS • WASHINGTON

Introduction

The *East European Accessions List* is a record of Eastern European monographic and periodical publications issued since January 1, 1939 and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the territories of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Publications*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be entered only in the list of monographs. Monographic and periodical entries are grouped under general subjects in the following order based on the Library of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |
| 4. Geography and Anthropology | 13. Medicine |
| 5. Social Sciences | 14. Agriculture—Plant and Animal Industry |
| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is listed in the original language or in translation, followed by a translation of the title or an annotation in English descriptive of the publication.

The entries for periodicals follow the rules for entry in the Library of Congress Serial Record† and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.

† A summary of the rules for entry in the Library of Congress Serial Record can be found in the Introduction to the *Titles Newly Received*.

THE LIBRARY OF CONGRESS

Introduction

The *East European Accessions List* is a record of Eastern European monographic and periodical publications issued since January 1, 1939, and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the territory of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Publications*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be entered only in the list of monographs. Monographic and periodical entries are grouped under general subjects in the following order based on the Library of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |

| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is listed in the original language or in transliteration, followed by a translation of the title or an annotation in English descriptive of the publication.

The entries for periodicals follow the *A. L. A. Cataloging Rules for Author and Title Entries* and are in the original language or in transliteration. The name of the issuing institution is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.

EAST EUROPEAN ACCESSIONS LIST

Vol. 1, No. 5

MARCH 1952

THE LIBRARY OF CONGRESS
WASHINGTON: 1952

Introduction

The *East European Accessions List* is a record of Eastern European monographic and serial publications issued since January 1, 1939, and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the language of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Accessions*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be entered only in the list of monographs. Both monographic and periodical entries are grouped under general subjects in the following order based on the Library of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |
| 4. Geography and Anthropology | 13. Medicine |
| 5. Social Sciences | 14. Agriculture—Plant and Animal Industry |
| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is listed in the original language or in transliteration, followed by a translation of the title or an annotation in English descriptive of the publication.

The entries for periodicals follow the *A. L. A. Cataloging Rules for Author and Title Entries* and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.

EAST EUROPEAN ACCESSIONS LIST

Vol. 1, No. 6

APRIL 1952

THE LIBRARY OF CONGRESS
WASHINGTON: 1952

Introduction

The *East European Accessions List* is a record of Eastern European monographic and serial publications issued since January 1, 1939, and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the languages of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Accessions*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be entered only in the list of monographs. Both monographic and periodical entries are grouped under general subjects in the following order, based on the Library of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |
| 4. Geography and Anthropology | 13. Medicine |
| 5. Social Sciences | 14. Agriculture—Plant and Animal Industry |
| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is listed in the original language or in transliteration, followed by a translation of the title or an annotation in English descriptive of the publication.

The entries for periodicals follow the *A. L. A. Cataloging Rules for Author and Title Entries* and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.

EAST EUROPEAN ACCESSIONS LIST

Vol. 1, No. 7

MAY 1952

THE LIBRARY OF CONGRESS
WASHINGTON: 1952

Introduction

The *East European Accessions List* is a record of Eastern European monographic and serial publications issued since January 1, 1939, and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the language of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Accessions*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be entered only in the list of monographs. In the list of monographs and periodical entries are grouped under general subjects in the following order based on the Library of Congress Classification:

1. General Works
2. Philosophy and Religion
3. History
4. Geography and Anthropology
5. Social Sciences
6. Political Science
7. Law
8. Education
9. Music
10. Fine Arts
11. Language and Literature
12. Science
13. Medicine
14. Agriculture—Plant and Animal Industry
15. Technology
16. Military and Naval Sciences
17. Bibliography and Library Science

Information provided: Each monograph is listed in the original language or in transliteration, followed by a translation of the title or an annotation in English descriptive of the publication.

The entries for periodicals follow the *A. L. A. Cataloging Rules for Author and Title Entries* and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.

EAST EUROPEAN ACCESSIONS LIST

Vol. 1, No. 8

JUNE 1952

THE LIBRARY OF CONGRESS
WASHINGTON: 1952

Introduction

The *East European Accessions List* is a record of Eastern European monographic and serial publications issued since January 1, 1939, and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the language of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Accessions*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be entered only in the list of monographs. Both monographic and periodical entries are grouped under general subjects in the following order based on the Library of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |
| 4. Geography and Anthropology | 13. Medicine |
| 5. Social Sciences | 14. Agriculture—Plant and Animal Industry |
| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is listed in the original language or in transliteration, followed by a translation of the title or an annotation in English descriptive of the publication.

The entries for periodicals follow the *A. L. A. Cataloging Rules for Author and Title Entries* and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.

EAST EUROPEAN ACCESSIONS LIST

Vol. 1, No. 9

JULY 1952

THE LIBRARY OF CONGRESS
WASHINGTON: 1952

Introduction

The *East European Accessions List* is a record of Eastern European monographic and serial publications issued since January 1, 1939, and currently received by the Library of Congress. Imprints of the following countries as well as publications issued elsewhere in the language of these countries are included:

Albania	Latvia*
Bulgaria	Lithuania*
Czechoslovakia	Poland
Estonia*	Rumania
Hungary	Yugoslavia

Publications in Russian are excluded since they are listed in the *Monthly List of Russian Accessions*. Newspapers currently received will be listed in an annual supplement.

Arrangement of entries: Entries are arranged by country in separate lists of monographs and periodicals. Monographs in series will be entered only in the list of monographs. Both monographic and periodical entries are grouped under general subjects in the following order based on the Library of Congress Classification:

- | | |
|-------------------------------|---|
| 1. General Works | 10. Fine Arts |
| 2. Philosophy and Religion | 11. Language and Literature |
| 3. History | 12. Science |
| 4. Geography and Anthropology | 13. Medicine |
| 5. Social Sciences | 14. Agriculture—Plant and Animal Industry |
| 6. Political Science | 15. Technology |
| 7. Law | 16. Military and Naval Sciences |
| 8. Education | 17. Bibliography and Library Science |
| 9. Music | |

Information provided: Each monograph is listed in the original language or in transliteration, followed by a translation of the title or an annotation in English descriptive of the publication.

The entries for periodicals follow the *A. L. A. Cataloging Rules for Author and Title Entries* and are in the original language or in transliteration. The name of the issuing body is provided in parentheses if not apparent from the title. A translation of the title, or an annotation descriptive of the periodical, its frequency of issue, and a note indicating regularly included features are provided in English. This is followed by a list of contents in English translation for each issue received. This contents note consists of each author's last name and initials, followed by an English translation of the title and the page citation. Free rather than exact translations are used whenever necessary to reflect as accurately as possible the nature of the article. Regularly included features listed in the entry and articles of relatively little importance are omitted from the contents.

The *East European Accessions List* is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C.

Price, 30 cents a copy; subscription price, \$3.00 a year domestic, \$4.00 a year foreign.

* To be included as soon as staff is available.
